WHITESBURG ALIVE WITH EDUCATORS

Vanguard of Educational Lights in the Upper Kentucky River Division Are Here

Many State Notables Here For the Two Day's Session—Supt. Bell, J. Tandy Ellis, Profs. Turk, Pat Ireland, in the Bunch

Today Whitesburg is awake to the fact that the biggest day in educational interest known in its history is at hand. Today Whitesburg opened wide its gates and handed over the keys to the teachers and co-workers in the Upper Kentucky river division of the state and for the next two days the old town will ring with the rallies, glad hurrahs and happy laughter of the thousands who come to be cheered and encouraged in their work. That the Upper Kentucky regions are already in the limelight is evident from the great number of front page notables here to attend the meeting. To name them all would be too much of a task even if we had their names. Luckily on this page we are able to show the face and features of some of them. First in the list is State Superintendent C. W. Bell, head of the educational department of the state. Then there is Prof. Charles Turk, of the State University, one of the leading educators of the state; then that happy Scotchman, Pat Ireland, who in his lectures and talks is able to provoke a smile from the iceberg or snow-bank. Some of the others are Profs. John Howard Payne, Richmond; W. S. Taylor, and last but not least by any means, Capt. J. Tandy Ellis, great Kentucky, national lecturer, and ready at all times with a warm heart and glad hand. The Eagle takes off its old inky hat, throws it on the side-walks and waves a glad welcome to the whole host. Supt. Boggs, whose phiz, with a nappy smile, we also present, is to be congratulated, together with other co-educators and county superintendents in bringing this great body of elites to our city. They are all welcome and the Eagle points to them its high hills, its fine highways, its hospitality unbounded. The city is yours; its hotels, restaurants, stores, streets, highways and its homes are yours. Ladies and gentlemen, just make yourselves at home and stay with us as long as you can.

LETCHER COUNTY WINS MORE HONORS

Letcher county entrants were able to bring away many of the prizes offered at the Fifth Robinson Harvest Festival, held at Quicksand, Sept. 25th and 26th. Twenty-nine exhibits, consisting of corn, soy beans and poultry, went from this county. The 4-H Clubs also had exhibits of clothing, corn and other products at the fair.

J. B. McAuley, of Kona, won two blue ribbons on poultry, Banded Plymouth Rocks. Several entries were in this class, but it was an easy matter for Mr. McAuley's birds to take first place.

LETCHER STUDENTS LEAVE FOR MOREHEAD

Miss Bonnie Bates, Bernard Banks, Homer Venters Yonts and others whose names we did not learn left for Morehead College, Saturday, to enter for their first year of college work. These are Whitesburg high school graduates, and they are numbered among the brightest boys and girls of the mountains, and here's wishing them four years of success in their college work.—Contributed.

BIG CROWDS AT KENTUCKY THEATRE

The most popular talking picture yet to come to the theatre here was "Sunnyside Up," given at the Kentucky Saturday and Sunday evening and Monday evening. Regular mobs of people attended each of the shows. Various persons paid to see it several times. A number of the very best pictures that money can buy are scheduled for this entire week. To get a seat, get in early.

PROF. L. R. GREGORY

City Supt. Louisville City Schools and President of the Kentucky Educational Association

Teachers, while here, will enjoy trips to the top of the Pine, Pound Gap, Jenkins, McRoberts, Neon, Fleming and all the other mining cities, and they will do well to take trips over our fine highways. Even the cities of Cumberland, Harlan, Pikeville, Norton and Big Stone Gap are just an hour or so away. When in Whitesburg, you are easily anywhere.

Mrs. Estevah Cornett is spending several days in Winchester and Lexington with her husband, Rankin R. Cornett.

County Health Director, Beryl E. Boggs, has been threatened with typhoid several days and is now confined to his room in the hotel.

BLACKKEY

A new bridge, yes. It is almost ready and none too soon, because winter will soon be here and the old one has served its time.

School has been going six weeks, and we think thus far a success. Our P. T. A. has once again elected officers and entered the field to build a better school and a better community.

W. M. Cooper, principal of Stuart-Robinson school, gave a very interesting lecture in chapel Monday. Our wishes are that he will come again.

Miss Florence Hauswald, of the State Board of Health, and Miss Mary Virginia Bird, of Stuart-Robinson, were with us today.

The executive committee of our P. T. A. met with Mrs. Haynes for the purpose of planning work and a program for the next meeting.

We are planning to win some basketball games this fall, maybe.

Rev. Cockerham, of the Presbyterian church, is a regular visitor each Thursday at chapel.

Our teachers will attend the meeting of the U.K.R.E.A. at Whitesburg this week.

WHO WILL WIN THE \$1200 OAKLAND?

Last Gold Prize and Hot Fight for Lead Promises Record Week End of Campaign But a Few Days Away Now

End of First Period Sees Big Gains For Everybody—Very Few Left to Decide Winner of 1st Grand Prize

The following count is that of last week, so how they stood when the credits took a tumble Saturday night. Just six big wrkers broke thru the lines and started down the home stretch, racing neck and neck for the goal which holds a \$1200 grand prize for the winner. This count shows the respective position of the various workers, but as will be noted, the positions of first, second, etc. means practically nothing at this time, as no one worker stands out as having anywhere near enough credits to win now. It means work and plenty of it from now on to the last minute to wrest that prize from this last line-up of real live-wire workers. Every minute will count now, and the one who keeps continually at it until next Saturday night will surely have the best chance to win a small fortune.

Candidate	Position	Credits
Mrs. W. D. Linkous	1st	631,500
Mrs. Geo. H. Fuller	2nd	623,000
Mrs. D. A. Murphy	3rd	610,000
Mrs. Arlena Adams	4th	604,400
Mrs. Roy McClure	5th	587,000
Miss Vadna Ferguson	6th	579,000
Mrs. S. K. Fairchild	7th	265,000
Miss Vivian Ford	8th	216,000
Mrs. Wilmer Collins	9th	256,000
Miss Madge Blair	10th	33,000

Twenty 5-Year Subscriptions Still Earn 1,000,000 Credits if Secured Outside of Whitesburg

Credits to be Given for Sale of Advertising Cards

With the field pretty well covered with paid-in-advance subscriptions, we are going to allow the campaign workers to sell Trade Cards and issue credits for these sales. These cards are good for one year from date and are good for all kinds of advertising and job work.

Credits to Drop Again Next Wednesday on Both Subscriptions and Trade Cards

Monday sees the start of the last week in the Eagle's big \$3,000 Prize Campaign in which the new \$1200 Oakland Sedan is to be given the winner free. The few club members who are left to win have but a few days now in which to secure the big business on long term subscriptions and Trade Cards. It will mean high honors for the winner, as those who are left are all real workers and are securing the business. Everyone in Letcher county will be proud of the winner in this particular campaign for it is known throughout the county how well these people have worked and with what effort they are pounding down the last stretch of this more than heated race. If any one of the first six workers on this list is a friend of yours, give her a hand now, as encouragement now in the way of a subscription or the sale of a Trade Card may mean success to the one you help today. They are pretty evenly matched and everyone is anxious to see who has the grit and nerve to stay at it for the next few days and keep up the fast pace that has been set by these few workers.

LOCAL NEWS

Surprising as it may seem, it appears that good crops of both kinds of potatoes were raised in this section of the country this year.

County Supt. Napier, of Hazard, made an official visit here early in the week to confer with Superintendent Boggs on educational matters.

Jim Davidson, of Hazard, in 1929 a candidate for the Republican nomination for Representative in our district, was in the city this week and says he means to "fly" again for the same office next year.

Uncle Will Wallen, around eighty, who was lately tried in the Jackson Federal Court and given a year in prison, was set at liberty owing to his age.

PROGRAM FOR U. K. R. E. A. MEETING

Beginning October 9th and 10th at Whitesburg

PROF. ARLIE BOGGS

Supt. Letcher County Schools

Make Report Of Child Health Work

Two child health conferences were conducted in Letcher county this past week, one at Seco, Tuesday, September 29th and one on Friday, October 3rd at Whitesburg. Dr. R. Dow Collins conducted the examinations assisted by Misses Hauswald, Hall and Wells.

This is an effort made by the Health Department of attaining and maintaining higher standards of health. It is in infancy that the foundation is laid for health, happiness and efficiency in adult life.

The babies in these two rooms scored above the average. Mothers are working for blue ribbons that will be awarded next May.

Assisting as nurses' aid at Seco were, Mrs. R. Dow Collins, and at Whitesburg, Mrs. Bryce Cundiff, Mrs. Alpha Hart and Mrs. Kilgore.

The following children attended the conference at Whitesburg: Lovell and James W. Bowen, Nona, Hobart and Iris Combs, Carol Combs, Jack Wise Collier, Jack Reed Collins, Anita Zoe Hart, Stanley Roe Hogg, Bobby E. Prichard, Mittie and Bert Phipps, Rosie May Robbins, Billie Sergeant, Carol Sladd and Omar West, Jr.

The following children attended the conference at Seco: Wanda Jean Doyle, Audrey Jean Hart, Betty Glen Hammond, Dorothy Welch Moss, Mary Ellen Moss, Martha Lou Pratt, Katherine Rearden, Edgar Rearlen, Virginia Rudd, Lafayette Stanbough, Glen B. Stanbough and Elsie Marie Tiller.

There is no improvement in the coal mining business in any section of the county so far as we have heard. They continue to report that Elsiecoal may soon resume operating. Effective on Oct. 1st, we are informed, there was a reduction in miner's wages at the Sandlick mines.

YOUNG EX-CITIZEN WRITES THE EAGLE

Pikeville, Oct. 5.

Dear Eagle: Today is my seventy-sixth birthday and the finishing up of my 175th time to read through my Bible. I will enclose you a check for a years subscription to the Mountain Eagle. I want to hear what my old comrades are doing for our great Democratic ticket in Letcher county. Brothers, to save our country from perdition, we must win!

Despite my age and the long struggles of this life, I am still able to be active and can read anything I choose without glasses. Come over our fine roads and see us any day. Highest regards and remembrance for all.

Very truly,

Dedicate Gym And Church at Blackey

Saturday morning, Oct. 11th, at 10:00, the splendid gymnasium at Stuart-Robinson will be dedicated, the exercises being held in the auditorium. The first half hour will be taken up in brief talks by the students, who will give a cross-section of life at the school in all its different phases. Rev. E. V. Tadlock, of Winchester, will give a history of Stuart-Robinson from its beginning and other interesting speakers, including Rev. H. L. Cockerham, pastor of the Presbyterian Church at Blackey, who will have a part in the program.

The dedicatory services at the church in Blackey will begin on Sunday morning, Oct. 12, at 10:30. Rev. Homer McMillan, D. D., of the Assembly's Home Mission Committee, Atlanta, will deliver the sermon and a program of beautiful music will be rendered by the choir under the direction of Miss Gladys Sinclair. At the conclusion of the service, lunch will be served in the lecture room of the church.

We wish to extend a most cordial invitation to all our friends everywhere to be present on both these occasions.

The completion of the gymnasium and church, which were commenced some years ago, was made possible by very generous gifts from Mrs. Eliza T. Hamilton and Mrs. Charles Doermann, mother and daughter, of Covington, Ky. We are looking forward to having these two friends with us for the dedication, and there will be other guests from a distance, including Mr. and Mrs. C. E. Homan, of Covington. Mr. Homan has been of valuable assistance in handling for Mesdames Hamilton and Doermann the financial end of our building program.

BLUEFIELD SCHOOL

Our school is still progress-

ing nicely, and everyone seems to be learning fast. We are now planning to have a Thanksgiving entertainment, as follows, "That Awful Letter" and "The Little Vegetable Man." We hope our county superintendent, Mr. Boggs, will be with us and many others. It seems to us that Thanksgiving day is a great day, and should be with all Americans.

We have a program every Friday afternoon.

Jack Frost hasn't visited us yet, but has been near, from reports, and, of course, will visit us soon. It has been very cold this week, causing some of our number to be absent due to colds.

It seems as the time flies. About three months of our school is gone, which seems to be about a month to us. We have two new students this week.

Stuart-Robinson To Give Operetta

Plans are being made for the operetta, or musical comedy, "Sailor Maids," which is to be presented in the auditorium at Stuart-Robinson School on the evening of Friday, Oct. 17th.

Our music teacher, Miss Sinclair, is directing this and Miss Frances Rolston is assisting her. The operetta is being put on by the boys' and girls' glee clubs. If you happened to enter our campus some Tuesday or Friday evening, the strains of music would fill your ears. We have had many practices and two entire rehearsals so far and the vim and vigor with which the boys and girls are doing their parts is amazing. The senior class, sponsored by Miss Rolston, is taking charge of the lighting on the night of the entertainment while the juniors, sponsored by Miss Sinclair, will have charge of the stage setting and publicity. Some of the classes have volunteered to make candy which will be sold at the door by Mrs. Tice.

The plot of the story is built

around Frances Marie (Helen Stallard) the daughter of Cyrus Templeton, the keeper of the light, played by Cleo Hale, and the childhood sweetheart of Frances Marie, who is portrayed by Lloyd Parsons. There are complications of all sorts and plenty of fun. A chorus of sailors and lassies adds greatly to the nautical effect.

Part of the proceeds from the operetta will be used for the purchase of chairs for the chapel stage and the remainder will go to the athletic association of the school.—Florence Cooper.

MILLSTONE

Oct. 7.—Our school has been in session now for one whole month, and things are running smoothly. We have enrolled about 185 students but have had a few withdrawals. Our attendance last month was 98 per cent.

Last Wednesday week Taft Spradlin came up and gave a talk on Solomon which was very inspiring.

The following Wednesday Mr. Todd and Brother Griffith came down from Fleming and furnished a splendid musical recital, and Brother Griffith gave a talk which was very inspiring.

We have a lively Sunday School in Millstone now. It was organized three Sundays ago.

Our P. T. A. is also a promising organization. The officers are: Mrs. R. J. Thomas, president; Mrs. H. N. Renaker, vice-president; Mrs. Lena McClure, secretary; Robert Newcome, treasurer. Last Thursday night an interesting program was given. The principal of Seco school, Homer Craft, and three teachers, Misses Beulah Hall, Sarah Addington and Carrie Tolliver, were present. Also Miss Effie Collins, a teacher of Upper Millstone. The president appointed the following committee to help carry out the P. T. A. work: Membership Committee, Mrs. H. N. Renaker, chairman, Mrs. Dewey Lucas, Mrs. Ed Hughes, Mrs. Roy Wilder, Mrs. Floyd Mercer.

The children are taking a great interest in basketball.—Eighth Graders.

In ye olden days when the quill-feathers were just sprouting on the Eagle and hard times and panics came and money went to hole, we were glad to get 'possums, paw-paws, dried apples and all the other culinary, including turnip green, on subscriptions. We are

back to our raisin' again and will now accept these in the same old way. Bring a lot of hog and hominy too!

We regret to learn of the illness of our very excellent friend, G. C. Lynn, popular bookkeeper for the South-East Coal Company at Seco. Mr. Lynn has been confined for two or three weeks, but is improving, it is said, now.

Listen, teachers! Take a subscription to the Mountain Eagle home with you. Every teacher in Letcher county is already a paid subscriber. In your homes and in your schools you will find it an inspiration and a reminder of the great welcome extended to you in Whitesburg. Call at the Eagle office and get acquainted.

Relief!

WHEN you start at sudden noises, worry over trifles, can't bear the noise that children make, feel irritable and blue—ten to one it's your nerves.

Don't wait until your overwrought nerves have kept you awake half the night and paved the way for another miserable day. Take two teaspoonfuls of Dr. Miles' Nervine and enjoy the relief that follows. Take two more before you go to bed. Sleep—and wake up ready for the day's duties or pleasures.

Dr. Miles' Nervine is now made in two forms—Liquid and Effervescent Tablet. Both are the same therapeutically. Liquid or Effervescent Tablets at all drug stores. Price \$1.00

We are sorry we cannot print the pictures of the other educational wheel-horses in the line light of today, but some of them were so homely that our camera wouldn't say "nary a word," just bucked on us and—well, we couldn't. There's Profs. Jagers, Ritchie, our Dean Squires, our wonderful Harris, Dr. Judd, Neblett and so on and so forth, whoever they may be, that would smile well on the printed page. We'd like to show these but not now.

Live News Items From the Elkhorn Field by Our
Regular Correspondent

The Woman's Club of Jenkins has started their year's work with a determination to do bigger and better things than ever before. They have a real live-wire president in the person of Mrs. E. F. Sheppard, and if all her plans are carried out the Jenkins club will accomplish things worth while this year. One plan of the club is a business men's luncheon to be given in the club house once a month. The first of these was given on Sept. 26th and was a real success, and the club realized a neat sum from it. On Oct. 1st the club held their regular meeting with Mrs. L. B. Abbott in charge of the program. Her topic was History of Cereamics. She gave a very interesting talk on the history of china and pottery from its beginning up to the present time. Mrs. Gilbert Johnson gave a talk on "Wedgewood China." Mrs. Roy Ison gave a talk on "Willow Ware," and Mrs. E. C. Murray read an article on "The China in the White House." The next meeting will be held on Oct. 15. The officers of the Jenkins club are:

Mrs. E. F. Sheppard, Pres.
Mrs. A. F. Meredith, 1st Vice Pres.

Mrs. Paul Ashcraft, 2nd Vice Pres.

Mrs. J. E. Stanfill, Sec.
Mrs. Gilbert Johnson, Treas.

John R. Cole spent the week-end with friends in Virginia.

Mrs. and Mrs. E. R. Ward, Dr. and Mrs. T. D. Vaughan and Miss Sara Clay motored to Virginia Sunday.

Bill McClenon, Roy Bartleson and Catherine Freed, from Coalwood, W. Va., attended the dance at Masonic Hall on Saturday night.

Mr. and Mrs. Mason Green of Pittsburg, Pa., visited relatives and friends in Jenkins the past week-end.

C. P. Howard, O. J. Dougherty, Roy Bagenstose and Mrs. Helen Hitch of Jenkins visited in Huntington during the week-end.

A dance was given in the Masonic Hall on Saturday night by the recreation department and was well attended. Several people from Whitesburg and on other points were present.

Attorney French Hawk, of Whitesburg, was in Jenkins on legal business Monday.

Mr. and Mrs. Hobart Bentley are the proud parents of a son, born Monday night. They have not yet selected a name suitable for such a fine young man. Hobart will probably be absent from the employment office for several days.

Rev. and Mrs. S. J. Bradley have just returned from Carlisle where they attended the general conference of the Methodist Church. Rev. Bradley has accepted a pastorate at Campbellsburg, Henry county, Ky., and will leave Jenkins in the very near future. We regret very much to give up these good people. Rev. and Mrs. Bradley came to Jenkins several years ago and have endeared themselves to this section of the county. Rev. Pilow, of Salvisa, Kentucky, will have charge of the Methodist church at this place for the ensuing year.

Mr. and Mrs. Acie Cantrell, Mr. and Mrs. Mark Fulton and Mr. and Mrs. Emory Lewis motored to Indian Creek, Sunday, on a chestnut hunt.

Two men from Sergeant were rather badly cut and bruised when the car in which they were riding went over the bank near the mouth of Marshall's Branch. They received treatment at Jenkins hospital.

J. C. Day, of Whitesburg, made a business trip to Jenkins last Friday.

Paul Ashcraft, division store manager, spent last Sunday in Dickoberts.

We are informed that fruit and garden crops across the mountains in Virginia are much better than was expected earlier in the season.

Dr. T. M. Perry of McRoberts was in Jenkins last Thursday. Uncle John Wright of Pound, Va., is reported rather ill at this writing.

Scottie McClure, of Seco, was in Jenkins last week soliciting subscriptions to the Eagle and trying to win the big prize in the campaign being waged by this paper. We think everybody in the county should read the Eagle, and now is a good time to give your subscription to your favorite worker.

Sorghum time is here again and yum, yum, how good they are! A. W. Boggs brought us some from Birenfield, Va. We are glad we live near a good hospital while they last.

Ed Maggard and Bradley Polly, both of Whitesburg, have recently been employed by the J. M. Perkins Construction Company of this place.

C. E. Johnson, Jenkins warehouse manager, spent last Thursday in Lebanon, Va.

B. M. Potter, of Millstone, was in Jenkins last week.

Miss Alice Settles has resigned her position as nurse at the Jenkins hospital and has gone to Charleston, W. Va., where, we understand, she will become the bride of Mr. N. C. McLaughlin. Mr. McLaughlin was formerly employed at Jenkins but resigned his position about a year ago. Here's wishing the young couple many happy days together.

Mr. and Mrs. D. H. Bailey and family and Mrs. James Adkins spent last week-end in Hazard visiting relatives and friends.

Edison Lewis and Attorney Stephen Combs, Jr., of Whitesburg, were in Jenkins Sunday.

Kelley Fields and family of Whitesburg, motored to Jenkins in Huntington during the week-end.

Roy Stephens visited a friend in Wheaton Hollow, Sunday.

Miss Helen Koenigstein, of Eminence, Ky., and her mother and a brother together with Mrs. Bush of Pleasureville, visited at the home of E. E. Hollyfield on Goodwater Street, during the week-end. They were accompanied by C. L. Greer and Ray Mullins as far as Pineville on their way home Sunday.

Scott died at his home near Wise, Va., on September 15th. He is survived by his wife, Aunt Mary Scott, and a host of relatives in Wise, Scott, and Letcher counties. Aunt Mary was visiting relatives in Jenkins on Sunday. She advised us that she had forty grandchildren and are descendants of the Scotts and others who were the pioneers of old Virginia and were a deciding factor in making the mother of presidents what she is today. Good Christian mother and grandma Scott are rather hard to find these days. Mr. Editor, I believe Grandma is a distant relative of yours thru marriage.

R. W. Parker, representing Geo. G. Fetter Company, Louisville, was calling on his customers in this vicinity last Wednesday.

Mr. and Mrs. E. J. Berlin have returned from their vacation.

C. M. Crouch has returned from an extended visit to Bowling Green, Louisville and other points.

Judge James M. Caudill, of Neon, was in Jenkins on business last Wednesday.

Mrs. James M. Bentley, of Whitesburg, was in Jenkins last week.

SERGEANT SCHOOL

We are now entering into the sixth week of school and are endeavoring to make school days better days. Speaking in behalf of the teachers, I wish to say that they are willing to put forth extra effort in order that the school be successful. A number of things have been thought of and are not mere dreams. A step towards progress was made last Wednesday night, yet it was rather short. The parents did not respond to the community wide invitation that was extended, as they should have. We started our get-together meeting which will, perhaps, bear the name of P. T. A.

The first night was not a program night, but was merely an organization night. Business was the main part of the meeting and a president, vice-president and secretary, treasurer were elected. Mrs. Crawford, wife of the trustee, was elected president, yet she was not present. Mrs. Salling, wife of W. M. Salling, was elected vice-president. She was present. W. B. Hunsaker was elected to succeed B. H. Holbrook, who so faithfully served as secretary for the past year. May these officers be present each meeting and put this over in a big way. I feel and know that they can do it if they but try.

Don't be a knocker—be a booster. A knocker offers nothing but destructive criticism. Maybe. A booster offers constructive criticism. Let's have boosters in our community and offer something that is for the benefit of the school. Parents, if you see something that does not suit your taste, come to us, the teachers, and we will gladly discuss the matter. If we find that something is not just as it should be, we will (determination) try to rectify it. Any misunderstandings should be discussed with the teacher and not to the next door neighbor. Our community is small enough for us to be able to make this a most democratic kind of work. Someone has said that the school room is the most democratic place in a democracy. We do not want mere representation; we want your presence. We want a direct vote of each parent. You do not need an invitation. It's the privilege of any parent to come to school gatherings without an invitation—you have a standing one.

An Achievement or Two—We have practically organized a Hammer Club; discussed a sewing club, and have started our little school paper, "The Broadcaster." We are getting a new supply of reading material in the form of traveling libraries. Our "Current Events" class is

now under way. From that we learn of the many things that are happening away from home and the effects.

The P. T. A. will not convene Wednesday night, due to the teachers' meeting scheduled at Whitesburg the following Thursday morning. The teachers will not be able to attend, since they are to make preparations to attend the scheduled meeting. The meeting date will be the following Wednesday night, the temporary night agreed upon.

Don't forget to come out to the next meeting and do your bit. We are in need of help. We want unity in spirit and action.

Let's go! Where? Sunday School, of course. Please the superintendent and teachers by coming and bringing a friend. The number must go over the forty-nine mark of last Sunday. Remember, one hundred not later than October 12th. Pleased? I'd say they are. Mr. and Mrs. Orville Sparks are the proud parents of a big, fine baby boy. Welcome, my boy. Mr. and Mrs. Malan Hall, of Thornton, are mourning over the death of their two-year-old baby girl. The malady seems to have been diphtheria. These sad parents have our sympathy. John Polly, who has been very ill, is up and out again.

NEON SCHOOL

Our school is progressing nicely, with Prof. W. L. Stallard, principal, and Miss Cora Reynolds in charge of the 4th and 5th grades, and Miss Essa Potter, 2nd and 3rd grades. Mrs. Kathleen Wyatt, 1st and part of the 2nd, and Miss Oma Fields has the beginners.

We have the largest enrollment Neon has ever had—294 pupils. We have had the following parents visiting us: Wm. Quillen, Mrs. Bill Belt, Aunt Polly Morgan, Mrs. J. C. Estep, Aunt Martha Wright, Mrs. McKinney, Mrs. Owen, Mrs. J. L. Roberts, Mrs. Sheridan Collier, Mrs. Ervin Wright, and Mrs. Floyd Gabbard. The many parents visiting us proves to us that we have the interest of the community and we know we are going to have the best school Neon has ever had.

Our basket ball team played Ermine on Friday afternoon, with a score of 10-0, in favor of Neon. The business people of Neon have donated enough money to buy our boys suits.

Supt. Boggs has been to see us once and is having the building repaired, and ordered some new seats and another stove. We surely do thank Mr. Boggs.

JENKINS HI LOSES TO BENHAM HI 34-0

By SWEDJE JOHNSON

Jenkins, Oct. 8.—The Jenkins football lads tasted their first defeat of the season here Saturday at the hands of Benham high school, when they received the short end of a 34 to score.

This game was far from being rotten, even though the score might indicate that it was. The Benham boys were just a better team than the Jenkins boys and deserved to win. The Jenkins team was outweighed quite a bit by their opponents, but they were not outfought by them.

The Jenkins boys showed that they had the grit all the way through the entire game. The last touchdown was just as hard for Benham to make as the first one was. Just because the boys were getting beaten did not make them quit fighting. Believe me they stayed right in there and fought with all they had.

Benham has a dandy good high school team and will be hard for any high school team in this section of the country to defeat. They have weight, speed and brains on their squad all of which are necessary to make a good team. They should have a very successful year this season, barring accidents.

Benham made sixteen first-downs while Jenkins only made five. The Benham quarterback was the outstanding star of the game. He made several long runs, passes and line plunges. He also intercepted a Jenkins pass and ran 83 yards for their last touchdown. Captain Settles was the star for the Jenkins team. He broke up several of Benham's plays that might have been too bad if it had not been for him. Everybody should come out and see your team play and boost them. They are little but loud and will give any team they meet a battle for their money.

Please help our contestants and thus help the Eagle. Make the Old Bird a better paper.

GOOD MORNING!

The Eagle this morning is an advance copy, only half its usual size. We are not due to reach our readers 'till tomorrow, but the big and little educators of our valley are due here this morning and we must be on hand with the Eagle to greet them. Gentlemen, we do it, and we want to point to you our happy little city, our hotels, restaurants, general stores, as good as in the cities, and with goods much cheaper, our fine drug stores, the equal of any Talkie Theatre in the state, the most unique golf course anywhere, the prettiest women and the sweetest, the ugliest men, and this is the best known news paper in Kentucky. Ain't that a whopper! Well, all the above is true as some preachin'.

Hon. Jack May is in the city, and he makes no bones in saying that he is on his way to Congress, for he says the people want representation and are for him, regardless of color, politics or high water.

Mr. and Mrs. C. A. Noble, Mrs. Albert Johnson, of Hazard, spent the week at Neon with Mr. and Mrs. Z. T. Hurst, Jr.

"If You Want to Know What Real Suffering Is, Listen to What I Went Through"

"If you want to see a man who really suffered from indigestion and stomach troubles, I wish you could have seen me before I took Karnak. Why it just seemed like all food was poison to me. 'Well, sir, that was my condition when I started taking Karnak, and it is the gospel truth, the very first dose of this medicine made me feel better. Now, I haven't a touch of stomach trouble and I never felt better in my life. I haven't the slightest ache or pain since I started taking Karnak, my kidneys are working fine and my circulation that caused my arms and legs to go to sleep is in perfect order."

"I have gotten back my old time strength and energy, too. And eat—why, my wife has had to double my lunch. I enjoy everything and it seems like I can't get enough. I have already gained seven pounds. No sir, they haven't claimed enough for Karnak."

IN THE WORDS OF SENECA:

"A thing seriously pursued affords true enjoyment."

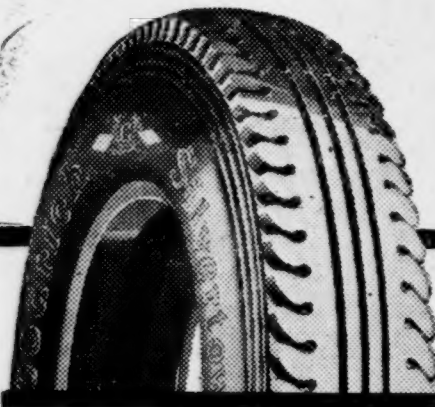

Good Deal of logic in that quotation as applied to SAVING money. It may take some will power to start but once you get down to the routine of laying aside a fixed sum at regular intervals without fail, you soon get to enjoy the idea. Watching the total gradually roll up... thinking of the future contentment it represents... feeling more confident and secure, all adds to your happiness.

Why not make the effort now? We invite your account. Start today.

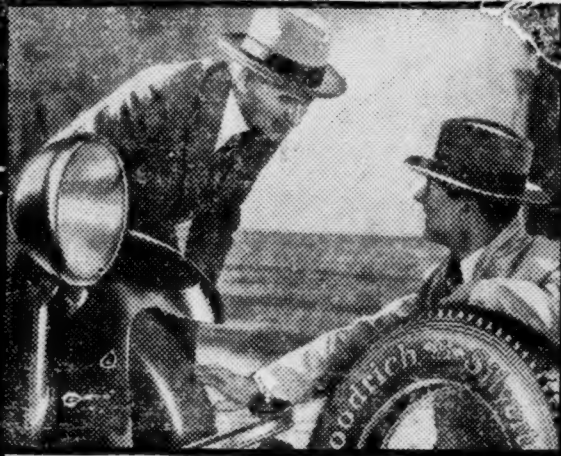

To put it bluntly, "You get a great kick out of saving!"
